He received his Master of Engineering (ME) in Construction Engineering and Project Management from the Asian Institution of Technology, Thailand and Master of Business Administration (MBA) from Tribhuvan University in Kathmandu, Nepal. For the last 30 years, he has been actively involved in the construction industry in Nepal and abroad.

He is also associated with other social and professional organizations as:

- Vice President, Confederation of Nepalese Industries (CNI)
- Executive Board Member, International Federation of Asian and Western Pacific Contractors' Association (IFAWPCA), Manila
- Life Member and Member to the Advisory Board, Nepal Engineers Association (NEA)
- Board of Trustees, Institute of Crisis Management Studies (ICMS), Samarpan Academy
- Past President and Assistant Governor, Rotary International District 3292, Nepal and Bhutan

**Abstract:** 2015 Gorkha Earthquake and its aftershocks with the epicentres in Gorkha, Dhading and Sindhupalchowk districts left more than 8,856 dead and 22,309 injured, 602,257 private houses 19,700 classrooms fully damaged in addition to huge number of lost livestock. Following the earthquake, a large scale reconstruction initiative took place covering a wide range of private and public infrastructure. The presentation will cover the best practices that are instrumental in delivering the projects on time and within budget despite several adversities. One of such examples is the Nuwakot District Hospital, a 50 bed hospital reconstruction project undertaken within the premises of an operating hospital.
