Dovile Daugvilaite-Zubcove, the first woman HumanIPO in the Baltics, Executive of IPMA Lithuania, Project Portfolio Officer at Luminor Bank, Lithuania

At the age of 23, after being President of IPMA Young Crew Lithuania for 2 years, I became the Executive Director of IPMA Lithuania. In total I had more than 150 people in different teams as my direct subordinates in various organizations before that. Now, I am building my own brand called “Planas gyvenimas”, which concentrates on explaining to Lithuanian public about project management and personal time management. Now, I am on a mission to make project management discipline as important to everyone, as food or air.
