IPMA Peru, Peru

I AM SPEAKING AT:

April **29**th | **4:30** pm CEST / UTC+2

2021 | IPMA GLOBAL
BEST PRACTICE WEEK
ONLINE EVENT

Jose is a professional in Industrial Engineering with experience in process improvement related to integrated management systems and project management in the retail, transport and mining sectors. In addition, part of his current job involves education, as a professor in project management master's programs.

Much of his volunteer work involves IPMA currently leading the coaches & mentors 'program as a member of the Young Crew Management Board. And also, in the field of Young Crew Peru since 2015 he has developed many projects for the professional and personal growth of young university students.

Jose is passionate about generating learning and training spaces in project management integrating knowledge, practice and ethics.
